Junior Software Developer - Clevest

Dear Hiring Manager,

I am submitting my application for the junior software engineer position at Clevest. I recently graduated from British Columbia Institute of Technology. With a diploma in Computer Systems Technology – Web and Mobile Option, my college studies have provided me with solid computing-related skills. It would be a great honor to work in your company and to contribute my skills.

With hands-on skills in C#, .NET Framework, ASP.NET, ADO.NET, WPF and WCF, I think I can confidently express my interest in your posting for a junior software developer. Over the course of my college study and self-learning I have:

- Been proficient in multiple programing & script languages such as C#, Java, Swift, C++, PHP, SQL, etc.
- Been familiar with designing, testing, and developing application on both PC and mobile devices (Android & IOS).
- Acquired valuable real-world experience through multiple small or large group software development project

Please refer to my online resume(benjaminhao.me) or the attached resume for a more detailed list of my skills and qualifications. I can be reached through my phone at (778)323-0400 and my email haomingkai@gmail.com for an interview at your convenience. Thank you for considering my candidacy for this position. I hope to hear from you soon.

Sincerely,
Benjamin(Mingkai) Hao
